

Disaster Prevention Lesson

Let's learn the disaster prevention knowledge of the earthquake and the fire.

■The children will go to the Fire Defense School with their parents to learn the knowledge of disaster prevention through some interesting experiences. The attendance will understand the fearfulness of the disaster through the trial experiences of the earthquake and the fire. The fireman will teach the attendance the relevant knowledge to deal with the disaster.

Please join us to take part in the exciting learning of disaster prevention.

with the title as "Disaster Prevention Lesson"

Closing date: August 3rd (Friday)

"My son, Tai Zun

Vietnam **TRAN THI KIM TUYET**

My son's name is Tai Zun. It means "the Sun". Sun will be 3 years old soon. He was 5 months old when he came to Japan first time.

There is many things which surprise me in Japan. There are many parks and playing room. I'm glad with that. I received two picture books from "yasuragi kaikan".

The tile is "gatan goton" and "inai inai baa". It's funny. Zun has been reading these books everyday so far. Zun likes reading a book with me.

We go to the park weekend to play swing, ground, horizontal bar and slide. It is fun. Zun gose to nurseryn school. He speaks Japanese at school and Vietnamese at home. He can manage is step by step. He shows us big smile when we encourage him "great, excellent, awesome". The life with Zun is also my happiness.

★Why do not you join the Japanese speech contest?

Seto City International Center will be holding the 11th Japanese speech contest on December 16, 2018 (Sunday). This will be speech contest in Japanese open to foreign residents.
