Angkor Watt is the pride of Cambodia.

Cambodia

Suso Bopah

My name is Bopah. I'm from Cambodia.

I have been living in Japan for 2 years. Angkor Watt is in my hometown.

Angkor Watt is a famous place originally in Cambodia. Cambodian and foreigners visit there. Angkor Watt was built in 12th century. It is a very lovely place. There are many big woods around there and the view is beautiful. Everyone wants to go there, because it makes us feel better. I often go there with my family on my holiday. Do not forget to visit Angkor Watt, if you go to Cambodia.
